General Information

Governing body:

Observatory of Versailles Saint-Quentin-en-Yvelines (OVSQ)

Supervisory body: CNRS/UPMC

Reference: UMR 8190

Department: Sciences of the Earth and the Universe, space

Organisation

Team Composition

Employees:

214 in total, of which

Lecturer-researchers: 30

Researchers: 35

ITA/IATOS: 74

Doctoral students: 32

Post doctorates: 7

Engineers: 30

Research Engineers: 22

Technicians: 12

Other staff (emeritus, volunteers) : 19

Temporary: 27

Activities

Research Topics

- » SPACE: Meteorological Processes
- » TROPO: Troposphere: Chemistry and Transport
- » STRATO: Middle Atmosphere
- » IMPEC: Planetology and the solar system
- » HEPPI: Exosphere and the solar system
