THE SHARED GARDEN OF OVSQ

Founded in August 2013, Sème Qui Peut (Planting for All) is an association (under the 1901 law) which invites all UVSQ service users as well as the local community from the surrounding municipalities to participate in the establishment and maintenance of a shared garden located on the site of the OVSQ.

» A living space that tries to be as open as possible to its neighbourhood, our garden promotes connections between people through shared activities (gardening, DIY, debates, etc.). It also seeks to communicate and educate on the topic of respect for the environment by inviting the local population to organised events throughout the year.

» If you're new to gardening, that's fine. The idea is to learn to garden together, in a fun and friendly way. So, whether you are a student, an employee of the UVSQ or even a local resident... know that Sème Qui Peut welcomes you warmly!
